God & Family

How many of you love art? I love walking down the halls of our school and seeing our students work on display. What a gift that our loving God is the best artist. The prophet Isaiah says, "But now, O Lord, you are our Father; we are the clay, and you are our potter; we are all the work of your hand." This Saturday at our all-school sing, our students will be singing of Jesus who washes us whiter than snow and we will get to witness one of our students being baptized—what a precious gift as Jesus fashions and forms us into His children. We look forward to seeing you for worship on Saturday afternoon at 5.

TEACHER CORNER

FEATURED TEACHER OF THE WEEK: MISS SPLATSTOESSER

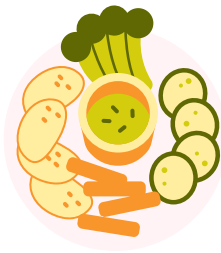

The 5th through 8th graders have started a new novel in ELA. We are reading the book, *Chains* by Laurie H. Anderson. This story follows a young slave girl during the American Revolution as she fights for her and her sisters freedom. We are looking at figurative language and how characters change throughout a story. The 3rd and 4th graders have been working with plural nouns and how to change words from singular to plural. We are also reading a biography on John Glenn and his achievements. In Science, both classes are finishing up their chapters and looking forward to starting a new one.
